

**SOUTH JERSEY PORT CORPORATION  
NOTICE OF JOB OPENING  
DATE: NOVEMBER 14, 2019**

**CHIEF ENGINEER**

The South Jersey Port Corporation (SJPC) is seeking a qualified professional to fill the position of Chief Engineer. The SJPC is an agency of the State of New Jersey, which builds, maintains and operates marine terminals in the South Jersey Port District to create economic opportunities and to enhance the region's intermodal transportation system. The SJPC owns and operates the Joseph A. Balzano and Broadway Marine Terminals in the Port of Camden, the Salem Marine Terminal at the Port of Salem, and is constructing the Paulsboro Marine Terminal at the Port of Paulsboro.

**GENERAL SUMMARY:**

Reporting to the Executive Director/Chief Executive Officer, the Chief Engineer is responsible for the planning, developing, organizing, and directing of all construction and maintenance activities at the SJPC, as well as the review and lease agreement compliance of major tenant improvements. Additionally, the selected candidate will be responsible for the development and delivery of the SJPC's Capital Program, Operating Major Works, and tenant construction. The selected candidate will be responsible for the maintenance and repair of all Port assets and infrastructure to maintain them in an ongoing state-of-good repair. The Chief Engineer will be responsible for the development of programs, projects and capital to support the continued growth and success of the Port. The Chief Engineer will also be responsible for the management and monitoring of all environmental programs and activities at the Port.

**MINIMUM QUALIFICATIONS:**

Candidates must possess the following minimum qualifications to be considered eligible for this position:

- Professional Engineering license. PMP certification is highly desirable.
- A Bachelor's Degree from an accredited college or university in engineering or a related field is required. Advanced degree is highly desirable.
- A minimum of 10 years of increasingly responsible experience in project engineering related to design and construction of Port or related large capital projects.
- Working knowledge in maritime industry operations, environmental issues and compatible land use related to seaport development and operations.
- Must be a resident of the State of New Jersey per the "New Jersey First Act," N.J.S.A. 52:14-7 (L.2011, Chapter 70) effective September 1, 2011.

- Must possess or be able to obtain a Transportation Worker Identification Credential from the Transportation Security Administration per 33CFR105 federal regulations. SJPC is an Equal Employment Opportunity employer.

**HOW TO APPLY:**

Interested parties should submit a resume and a cover letter outlining reasons for their interest in the position, including detail on the aforementioned responsibilities, attributes, and qualifications addressed to the attention of Andrew Saporito, Executive Director and Chief Executive Officer in electronic format to [careers@southjerseyport.com](mailto:careers@southjerseyport.com).

With this position comes a competitive compensation commensurate with experience and education and a benefits program. All resumes are due by Friday, December 20, 2019. Additional information regarding this employment opportunity is available online at <http://www.southjerseyport.com/careers/>.
